

Credit Suisse

11 Madison Avenue, New York, NY

Project Owner:

Credit Suisse

Design Team

- Architect: Gensler Associates
- Engineer: Jaros Baum & Bolles

Mechanical Contractor:

- Marlin Mechanical

Manufacturer:

- Titus: Flow bar plenum, Modulinear Diffuser, Steel Plaque Face Diffuser
- Toshiba: Motors and Drives

Notable Product Facts:

- The Titus OMNI is a steel plaque face diffuser that satisfies architectural and engineering criteria. Its strong, clean, unobtrusive lines harmonize with the ceiling system without sacrificing performance.
- Modulinear diffuser is a high performance, high quality linear slot diffuser. The unique “ice tong” deflector blades allow both changes in air volume and direction from the face of the diffuser.

**Completion Date:**

2015

Description:

Founded in 1856 with headquarters in Zurich, Switzerland, Credit Suisse has operations in over 50 countries and employs 45,800 individuals from approximately 150 different nations. Credit Suisse recently re-stacked into 1.2 million square feet on the lower portions of 11 Madison Avenue, paving the way for Sony to lease roughly 520,000 square feet on the upper floors.
