

Queens District 7 Garage, Queens, NY

Project Owner:

New York City Department of Sanitation

Design Team:

- MEP Engineer: Abraham Joselow, PC, PE

Mechanical Contractor:

- CDC Air Conditioning

Manufacturers:

- Greenheck
- Yaskawa
- Above Air

Completion Date:

- 2016

Project Overview:

DSNY is the world's largest sanitation department, collecting more than 10,500 tons of residential and institutional garbage and 1,760 tons of recyclables every day. NYC businesses generate another 13,000 tons of garbage daily, which is collected by private carting companies. DSNY also clears litter, snow and ice from some 6,000 miles of streets, removes debris from vacant lots and clears abandoned vehicles from City streets. The Queens 7 Garage serves Flushing, Bay Terrace, College Point, Whitestone, Malba, Beechurst, Queensboro Hill, and Willets Point.
